

Introduction to the Cumulative Index

By Nancy Moynihan

The Ottawa Valley Button Club Newsletter was created to provide an opportunity for OVBC members to share and have a lasting record of meeting presentations, stories/details about individual collections and interests, educational efforts and activities.

This is the 25th issue of the newsletter and includes a Cumulative Index covering all articles, reviews, notes, commentary and correspondence from issues 1 through 25 covering the period May 2009 through June 2017. The index will make it easier to find, use and enjoy the information recorded in all of the past issues.

The newsletter is published three times a year, and has expanded and improved over time. OVBC member Micheline Gravel spearheaded the creation of the first issue in May 2009, and served as editor through 2013. The first newsletter was 12 pages in length and was printed in black and white on standard paper with a coloured cover. In 2011 the OVBC began printing the newsletter in full colour. I took over as newsletter editor in February 2014. Over time the printing quality has kept improving and the printing cost per page has gone down. We now print a large 28 page issue in full colour on a glossy heavy weight paper.

All entries are alphabetized word-by-word. Titles, Authors and Subjects are interfiled in the index. The entry terms used in the Index are as specific as possible. Subject headings are based largely on the wording of the articles. The alpha numeric sequence refers to year, issue and page respectively. Example: abalone, 2016-W-20 – is the 2016 Winter Issue, page 20.

This is work in progress. Typographical errors, factual mistakes, omissions, and so forth should be reported to the editor (ovbc.newsletter@gmail.com), as well as any suggestions for improving the usability of the index.

Index
Ottawa Valley Button Club Newsletter
Summer 2009 through Spring/Summer 2017
by Nancy Moynihan

Numbers refer to year, issue and page respectively. Example: Alphabet, 2016-SpSu-28 – is the 2016 Spring/Summer Issue, page 28. A list and image of the cover page of all issues is included in this issue.
